

Window-Mart - Your Additional Room Specialist

Established in 1998, Window-Mart has excelled through the last two decades with innovation and a highly-skilled workforce. From windows to doors, conservatories to orangeries, Martyn and the team, have it all covered.

If you would like a completely new building or even just an overhaul of an existing one, **Window-Mart** can do it all

Window-Mart pride themselves on employing only the most professional of staff with fully equipped vehicles, and not a pushy salesperson in sight, just skilled tradespeople.

The newly refurbished showroom complex, situated in Dial Post, Horsham has an extensive range of rooms, windows and doors on display, based at 'Old Barn' Garden Centre.

The impressive living room orangery, which gives you the benefits of a perimeter roof pelmet and solar reflective roof glass, is one of many outstanding structures on show.

You may find the more traditional conservatory would suit your outside space better, with its blue solar reflective,

self-cleaning roof glass, it's perfect for living or dining areas.

Or maybe an all-seasons room, with a variety of options including different types of roof tiles and Velux opening windows.

Accompany any of these rooms with a selection of bi-fold, French and composite doors.

Competitively priced and with painstaking attention to detail, whether it's an orangery, conservatory or an allseasons room, Window-Mart can provide that perfect extra living space to suit your lifestyle.
